Earning and redeeming CME/CE/CPD credit

A step-by-step guide for clinicians accessing UpToDate® through an EHR, clinician portal or other secure clinical system
GET STARTED EARNING CME/CE/CPD CREDIT — REGISTER WITH UPTODATE TODAY!

UpToDate is accredited and recognized by colleges, associations, and authorities from around the world, and is a globally accepted information resource and learning tool.

- You may earn CME/CE/CPD credit when you research a clinical question using UpToDate.
- No tests, fees, or use of a third-party provider are required.
- Credits are organized by month and can be redeemed for up to two years.
- You can redeem your credits at your convenience — 24 hours a day, 7 days a week.
- You can also view and print previous CME/CE/CPD submissions at any time, provided that your UpToDate access is active either through your institution or through an individual subscription.

See page 10 to review the types of CME/CE/CPD credit available through UpToDate.

Note: To see if you can use UpToDate to fulfill CME requirements in your country or specialty, please visit www.uptodate.com/cme for the most current list of CME requirements. The ability to earn CME credit is not available in all countries, and it is up to each user to determine whether his or her use of UpToDate qualifies for CME in any particular country/specialty.
Access UpToDate from your EHR or portal.

You must access UpToDate from your EHR, secure clinical system or portal in order to earn CME/CE/CPD credit.

Note: The above is a sample of how an EHR might look after integration with UpToDate. However, your EHR may have a different appearance, depending on whether you access UpToDate through a tab (as in the sample above), a drop-down menu on your desktop or another configuration.

2 Register with UpToDate.

In order to earn and redeem CME/CE/CPD credits, you must be a registered user of UpToDate with a unique user name and password. This allows UpToDate to recognize you as an individual user within your organization so that CME/CE/CPD credit can be allocated to your account. It’s best to register the first time you see the “Log in or Register” page.

1 The first time you access UpToDate from your EHR or portal, you will see the “Log in or Register” page shown below. You can (1) log in with an existing UpToDate user name and password, (2) register as a new user and create your own user name and password, or (3) bypass this page and proceed directly to your search by clicking “Skip this for now”.

2 To register, complete all fields and click “Submit Registration”. Once you register, you will not have to register again.
3 If you prefer not to register on your first visit, you may register later by going to the My Account link and clicking on Click here to register. **Remember:** You will not be able to redeem your credits until you have registered with UpToDate.

4 Once you’ve registered, you will receive an email that includes your user name and password. By signing in with your UpToDate user name and password, you may accrue CME/CE/CPD credit when researching clinical questions. You can redeem these credits in the MyAccount section in UpToDate.

Need help? Contact UpToDate Customer Service at 1.800.998.6374 or customerservice@uptodate.com.
3 Redeem your CME/CE/CPD credits.

You may redeem as many or as few credits as you choose. Credits can be processed online for up to two years.

Click the CME link to view and process credits you have accrued.

Follow the steps below to submit credits.

1. Notice within each month listed there is a column for Potential Credits and a column for Completed Credits.

The first step is to move the credits you want to submit from the Potential Credits column to the Completed Credits column.

Click the month that contains the credits you want to complete:
2 When you click on a specific month, you will be brought to a screen where you will provide the following information: the type of information you searched and the way you applied this information to your practice.

Click the appropriate boxes that best describe your research in UpToDate.

Notice when you complete your selection, the row turns from green to white and the number of credits changes from zero to .5 to indicate these credits are now available for submission.

3 Click the Save button at either the top or bottom of the screen.
4. After you click the Save button, you will be brought back to your Process CME page. Select the Completed Credits you would like to submit by checking the box in the Submit column. Then, click Continue at the bottom of the page.

5. You will be brought to the CME Evaluation page where you will be asked to provide answers to several evaluation questions. Once you have finished answering the questions, click Submit.
6 Review the verification page and if all is correct, click Submit.

7 You will be brought to the CME Confirmation page where you can choose to View or Print your certificate.

Print your certificate and submit it to the appropriate licensing organization or you can save and attach it as a PDF and email it.

Once you’ve processed your CME/CE/CPD credits, your certificate is automatically stored within your submission history. Certificates and associated activity logs may be downloaded and reprinted at any time, provided that your UpToDate access is still active.
